PROFESSIONAL SUMMARY

BCA graduate with strong skills in **Python, SQL, Excel, and Power BI**, experienced in developing dashboards, analytical reports, and structured datasets to support data-driven decision-making. Proficient in data cleaning, transformation, and visualization to identify trends and generate actionable insights. Brings a blend of technical development experience and analytical thinking to improve business outcomes and efficiency.

EDUCATION

Christ University — Bachelor of Computer Applications (BCA)

Delhi NCR | Apr 2023 – Present | GPA: 3.4/4.0

St. Mary's School — Secondary Education

Mar 2023

SKILLS

- Analytics & BI:** Python (Pandas, NumPy, Matplotlib) • SQL • Excel (Pivot Tables, Lookups) • Power BI (Dashboards, DAX basics) • Tableau (basic)
- Databases:** MySQL • SQLite
- Tools & Development:** Git/GitHub • HTML/CSS (basic) • JavaScript (basic) • React (basic)
- Core Strengths:** Commercial Thinking • Communication Skills • Data Cleaning • Exploratory Data Analysis (EDA) • Reporting • Problem Solving • Data Analysis • Data Modeling • Data Validation • Data Visualization Tools • Presentation Skills • Programming • Spreadsheet Skills • AI Analytics • AI Strategy • Analytical Reporting • Business Communication • Computer Networking • Data Interpretation • Data Quality Management • Data Structures • Formal Communication • Log Analysis • Planning • Python Programming • Software Development • Decision Making • Ethical Reasoning • Model Selection • Model Validation • Statistical Analysis • Predictive Analytics • Process Automation • Regulatory Compliance • Strategic Thinking • Web Security

TECHNICAL SKILLS

- GenAI Integration:** GitHub Copilot, Claude AI, ChatGPT, PowerPoint for coding, debugging, docs, and presentations; **~25% faster delivery**.
- AI-Driven Analysis:** Applied GenAI for data insights, reporting, predictive modeling support, and business recommendations.

WORK EXPERIENCE

Sir Ganga Ram Hospital (SGRH) — Data Analytics Intern (CKD Analytics)

New Delhi | Jan 2026 – Present

- Cleaned and structured clinical datasets using **Python (Pandas/NumPy)** (**195 patients, 1,297 records**); computed KPIs showing **Creatinine 7.48→1.55 mg/dL, Hemoglobin 9.07→12.82 g/dL**.
- Conducted correlation and trend analyses identifying risk factors (**Age, BMI, follow-up frequency**) impacting post-transplant recovery.
- Built interactive dashboard (Chart.js + Tailwind) with trend charts and acceptance/rejection outcomes for clinical monitoring.

Gudmed — Front-End Developer Intern

Gurgaon | May 2025 – July 2025

- Built medical reminder web app using **React.js** with structured tracking for **100+ test users**; integrated **Firebase Realtime Database** for data synchronization.
- Optimized UI rendering and component structure, reducing load time by **~30%** using web performance tools.
- Collaborated with 4-member team to implement engagement tracking, improving feature adoption by **~20%**.

Main Flow Services and Technologies Pvt. Ltd — Front-End Developer Intern

Ghaziabad | May 2024 – July 2024

- Developed responsive web pages using **HTML, CSS, JavaScript**, improving UX and load speed by **~20%**.
- Analyzed performance metrics using **Chrome DevTools and Lighthouse**, contributing to **~15%** efficiency improvements.
- Delivered **3+ live project components** in production with clean backend integration across modules.

PROJECTS

PhonePe Transactions Analysis Dashboard — Power BI

[Dashboard](#)

Tech: Power BI • Power Query • Data Modeling

- Built interactive dashboard tracking KPIs: **Total Amount (~3,474M), Transactions (~300K), Success Rate (~96%)**; analyzed service and transfer-type patterns.
- Identified key failure reasons (Wrong PIN, Server error, Bank denied) to support reliability monitoring.

CKD Analytics — Kidney Transplant Outcomes Dashboard

Tech: Python • Pandas • NumPy • EDA • Correlation Analysis • Chart.js • Tailwind

- Cleaned clinical datasets (**195 patients, 1,297 records**); computed recovery KPIs showing **Creatinine 7.48→1.55 mg/dL (+79.3%), Hemoglobin 9.07→12.82 g/dL (+41.3%)**.
- Conducted correlation/risk analysis (Age, BMI, follow-up) and visualized insights via interactive dashboard with acceptance monitoring (**137 accepted, 58 rejected**).

CERTIFICATIONS

- Deloitte Australia Data Analytics Job Simulation** (Forage, Feb 2026)
- Quantium Data Analytics Job Simulation** (Forage, Feb 2026)
- Introduction to Python** (Infosys Springboard, Aug 2024)
- Computer Network** (Huawei Talent, Jan 2025)
- Complete MySQL Bootcamp: Learn SQL Step by Step** (Udemy, Feb 2026)
- Tata Group Data Analytics Job Simulation** (Forage, Feb 2026)
- SQL: Basic to Advanced** (Udemy, Oct 2025)
- Data Analytics Program** (Top Varsity, Ongoing)
- Web Development** (Main Flow Services, 2024)
