PROFESSIONAL SUMMARY

Data Analytics-focused BCA graduate skilled in **Python, SQL, Excel, and Power BI**, with experience building dashboards, analytical reports, and structured datasets for decision-making. Strong foundation in **data cleaning, transformation, querying, and visualization** to uncover trends and deliver actionable insights. Combines technical development experience with analytical thinking to support business outcomes and operational efficiency.

SKILLS

Analytics & BI: Python (Pandas, NumPy, Matplotlib) • SQL • Excel (Pivot Tables, Lookups) • Power BI (Dashboards, DAX basics) • Tableau (basic)

Databases: MySQL • SQLite

Tools & Development: Git/GitHub • HTML/CSS (basic) • JavaScript (basic) • React (basic)

Core Strengths: Data Cleaning • Exploratory Data Analysis (EDA) • Reporting • Problem Solving

WORK EXPERIENCE

Sir Ganga Ram Hospital (SGRH) — Data Analytics Intern (CKD Analytics)

New Delhi | Jan 2026 – Present

- Cleaned and structured clinical datasets using **Python (Pandas/NumPy)** (**195 patients, 1,297 records**); computed KPIs showing **Creatinine 7.48→1.55 mg/dL, Hemoglobin 9.07→12.82 g/dL**.
- Conducted correlation and trend analyses identifying risk factors (**Age, BMI, follow-up frequency**) impacting post-transplant recovery.
- Built interactive dashboard (Chart.js + Tailwind) with trend charts and acceptance/rejection outcomes for clinical monitoring.

Gudmed — Front-End Developer Intern

Gurgaon | May 2025 – July 2025

- Built medical reminder web app using **React.js** with structured tracking for **100+ test users**; integrated **Firestore Realtime Database** for data synchronization.
- Optimized UI rendering and component structure, reducing load time by **~30%** using web performance tools.
- Collaborated with 4-member team to implement engagement tracking, improving feature adoption by **~20%**.

Main Flow Services and Technologies Pvt. Ltd — Front-End Developer Intern

Ghaziabad | May 2024 – July 2024

- Developed responsive web pages using **HTML, CSS, JavaScript**, improving UX and load speed by **~20%**.
- Analyzed performance metrics using **Chrome DevTools and Lighthouse**, contributing to **~15%** efficiency improvements.
- Delivered **3+ live project components** in production with clean backend integration across modules.

EDUCATION

Christ University — Bachelor of Computer Applications (BCA)

Delhi NCR | Apr 2023 – Present | GPA: 3.4/4.0

St. Mary's School — Secondary Education

Mar 2023

PROJECTS

PhonePe Transactions Analysis Dashboard — Power BI

[Dashboard](#)

Tech: Power BI • Power Query • Data Modeling

- Built interactive dashboard tracking KPIs: **Total Amount (~3,474M), Transactions (~300K), Success Rate (~96%)**; analyzed service and transfer-type patterns.
- Identified key failure reasons (Wrong PIN, Server error, Bank denied) to support reliability monitoring.

CKD Analytics — Kidney Transplant Outcomes Dashboard

Tech: Python • Pandas • NumPy • EDA • Correlation Analysis • Chart.js • Tailwind

- Cleaned clinical datasets (**195 patients, 1,297 records**); computed recovery KPIs showing **Creatinine 7.48→1.55 mg/dL (+79.3%), Hemoglobin 9.07→12.82 g/dL (+41.3%)**.
- Conducted correlation/risk analysis (Age, BMI, follow-up) and visualized insights via interactive dashboard with acceptance monitoring (**137 accepted, 58 rejected**).

CERTIFICATIONS

SQL: Basic to Advanced (Udemy, Oct 2025) • Introduction to Python (Infosys Springboard, Aug 2024) • Data Analytics Program (Top Varsity, Ongoing) • Computer Network (Huawei Talent, Jan 2025) • Web Development (Main Flow Services, 2024)

LANGUAGES

• Hindi (Native) • English (Fluent) • French (Intermediate) • Japanese (Beginner)
